Core Factor Table

Updated: April 1, 2014*

This Core Factor Table is only applicable to SQL Server and BizTalk Server software licensed under the Per Core model.

Processor Type	Core Factor
All processors not mentioned below	1
AMD 31XX, 32XX, 33XX, 41XX, 42XX, 43XX, 61XX, 62XX, 63XX Series Processors with 6 or more cores	0.75
Dual Core Processors	2
Single Core Processors	4

*The core factor applicable to the physical processors in a particular physical server is the core factor in effect when the core licenses are assigned to that server
