

Software Assurance

Volume Licensing

Software Assurance (SA) is included in many Microsoft Licensing Programs, and is an optional purchase in others. SA contains a range of benefits which provide technology, services and support to manage the software lifecycle. SA benefits are managed through the Microsoft Business Center (MBC) if licenses have been bought through an MPSA, and through the Volume Licensing Service Center (VLSC) for all other Volume Licensing programs.

SOFTWARE ASSURANCE BENEFITS BY AGREEMENT

		OPEN	SELECT PLUS	MPSA	OPEN VALUE	SELECT PLUS/MPSA SAM, EA, ESA
