- Basics of how a program works when Azure is purchased
- Payment options, including Azure prepayment where available, and paying for Reservations
- Recommending the right program for a customer

THE MICROSOFT LICENSING BODY OF KNOWLEDGE 2022 EXAM

WHAT'S THE FORMAT OF THE EXAM?

There are four sections in the exam. The first three sections are designed to test your knowledge of how Microsoft's products are licensed and sold, and the last section tests your application of that knowledge with two scenarios which you read and then answer questions on.

Several different question types are used in the exam ranging from typing in a numerical answer to a variety of multiple-choice type questions. You have 90 minutes to answer 61 questions in the exam.

WHAT PREPARATION SHOULD I DO?

This exam tests the knowledge in our [Microsoft Licensing Body of Knowledge 2022 Book](#), so reading and understanding the topics in this book will ensure that you have the right information to pass the exam. You may also want to use Get Licensing Ready to help in your preparation:
<http://www.getlicensingready.com>.

HOW DO I TAKE THE EXAM?

This exam is a closed-book exam delivered by Prometric, a leading provider of technology-enabled testing and assessment solutions and you can choose to take it in one of their testing centers, or remotely proctored in your own workplace.

WHERE CAN I FIND OUT MORE?

You can find more information on our website [here](#), or email info@licensing-school.co.uk.
